about CROFT

CROFT is a full-service architecture and engineering firm. Established in 2004, the CROFT team takes great pride in “serving beyond architecture.” This attitude of service is at the core of our culture with service to our clients, service to our people and service in our community. We are registered in 42 states and have served clients across the country. CROFT designs and manages more than \$225 M in construction of new and renovated facilities each year.

under one roof

CROFT brings an interdisciplinary collaboration approach to each project. Multidisciplinary teams of in-house Architects and MEP Engineers are formed to research various topics, including indoor environmental climates, energy usage, efficient systems and appropriate materials. Our Architects and Engineers sit side-by-side promoting greater communication, prioritizing efficiencies in budget, schedule and sustainability, delivering quick resolution and strong solutions to our clients.

service

Recognizing the importance of investing in our community, CROFT fosters an environment of service. With each employee making a difference, our staff from across the organization come together to make it a priority to serve others. Through our CROFT Cares Committee, we have a team of individuals who focus on the communities we serve.

giving back

We at CROFT believe success does not begin and end with any one person, but as a group we can make a difference. Through “CROFT Cares”, our giving is guided by our motivation to create a stronger community. Along with volunteerism, CROFT contributes \$100,000 of charitable donations each year.
